Your Amazing Life Experience Starts Here

Computer Science

The Bachelor's Degree Program in Computer Science at the ISU School of Technology was developed in 2020 by considering the experience of the world's leading academic institutions and Georgian universities and in close cooperation with the private sector. The program complies with the Accreditation Board for Engineering and Technology (ABET) accreditation standards, while in October 2020, it successfully underwent the accreditation process carried out by the National Center for Educational Quality Enhancement (NCEQE) of Georgia. ISU closely collaborates with San Diego State University (SDSU), Steinbuch Center for Computing of Karlsruhe Institute of Technology in the development, implementation, and further enhancement of the program.

The program was developed with advisory of the representatives from up to twenty large local and international companies including the Bank of Georgia, Orient Logic, Edison LTD, Innotec LTD, TulaCo, Feedc, Deutsche Post DHL Group, and others, which makes the program market-responsive, unique, and capable of offering its graduates diverse career opportunities.
